## FREQUENTLY ASKED QUESTIONS

*What is Ticketmaster Account Manager?*

Account Manager is part of the Ticketmaster family. Since fans to the Farmers Insurance Open can have tickets to multiple days of the tournament, Account Manager allows for ticket coordination across the four-day tournament. It is used commonly in sports.

*Why don't my tickets show up in my Ticketmaster account?*

Because we are using Ticketmaster Account Manager, make sure you log into that account. You can log in by clicking "Manage Tickets" in the ticket email confirmation or by visiting [am.ticketmaster.com/farmersinsuranceopen](https://am.ticketmaster.com/farmersinsuranceopen) and selecting "Manage Tickets."

*Does the person I'm transferring tickets to need a Ticketmaster Account Manager account?*

Yes. When they click the "Accept Tickets" button in the email they receive, they will be prompted to either set up an account or log in to their existing account.

*How will I know my ticket transfer was received?*

You will see a confirmation notice on your screen after clicking "Transfer." As well, you'll receive an email notification that the tickets were sent. Once your friend accepts, you'll receive a second email notifying you.

*What happens if my family or friend doesn't have a smart phone?*

It is important that you still send them the ticket transfer offer to their preferred email address. As long as this step is taken, we can track the activity on the back-end and help them out. Prior to the event, they may reach out to us at [ticketing@farmersinsuranceopen.com](mailto:ticketing@farmersinsuranceopen.com) for assistance. If they prefer to wait, we can assist them on the day-of at our on-site ticket service locations at the Glider and East Entrances. Please note, there may be a wait.

*What if I find out one of my friends cannot attend?*

We recommend they not accept the ticket unless they are sure they can attend, but if they do need to cancel have them transfer the ticket back or onward to the next guest.

*Will my ticket recipients also be able to transfer their tickets?*

Yes, anyone can transfer tickets. Once a ticket or parking pass has been accepted, the ownership transfers from your account to their account.

*Can I have multiple tickets on the same phone?*

Yes, but it's simplest to transfer tickets to each attendee to streamline the entry process at the gates.
